- ✓ Our 'flagship' programme also taught in Oxford and Cambridge
- ✓ University of Sydney college accommodation
- ✓ 35 hours of tuition over 10 days
- ✓ Maximum class size of 10
- ✓ 1:1 tutorials with expert tutors
- ✓ Interactive workshops
- ✓ Social and cultural programme to explore Sydney
- ✓ Individual end-of-course feedback

AVAILABLE DATES:

- ✓ 4 January - 14 January 2023

Available Subjects in Sydney

Our world-leading university of Oxford and Cambridge tutors will support students in forming a strong foundational knowledge, understanding and skillset within their field of interest. Students will uncover their academic potential, choosing from the below subjects:

Business Management

Participants gain a fascinating insight into a broad array of business management and finance topics in our University of Sydney summer school. Sydney is home to some of the world's most exciting start-ups and entrepreneurs, explore the challenges they have overcome with incredible guest speakers and industry excursions across the city.

Topics include organisational behaviour and the management of organisations, as well as finance, strategy, marketing, and leadership.

Engineering

This exciting field is one of the most popular subjects at University of Sydney. Students will be introduced to the engineering topics that form the foundation of an engineering degree, developing new skills as you work through a carefully constructed syllabus.

You'll develop both theoretical and practical understanding through an exciting syllabus that takes into consideration the role of innovation and technology in the engineering of the future.

Creative Writing

For centuries, Australia has produced some of the world's most renowned professional writers, from Richard Flanagan and Patrick White to Jill Ker Conway.

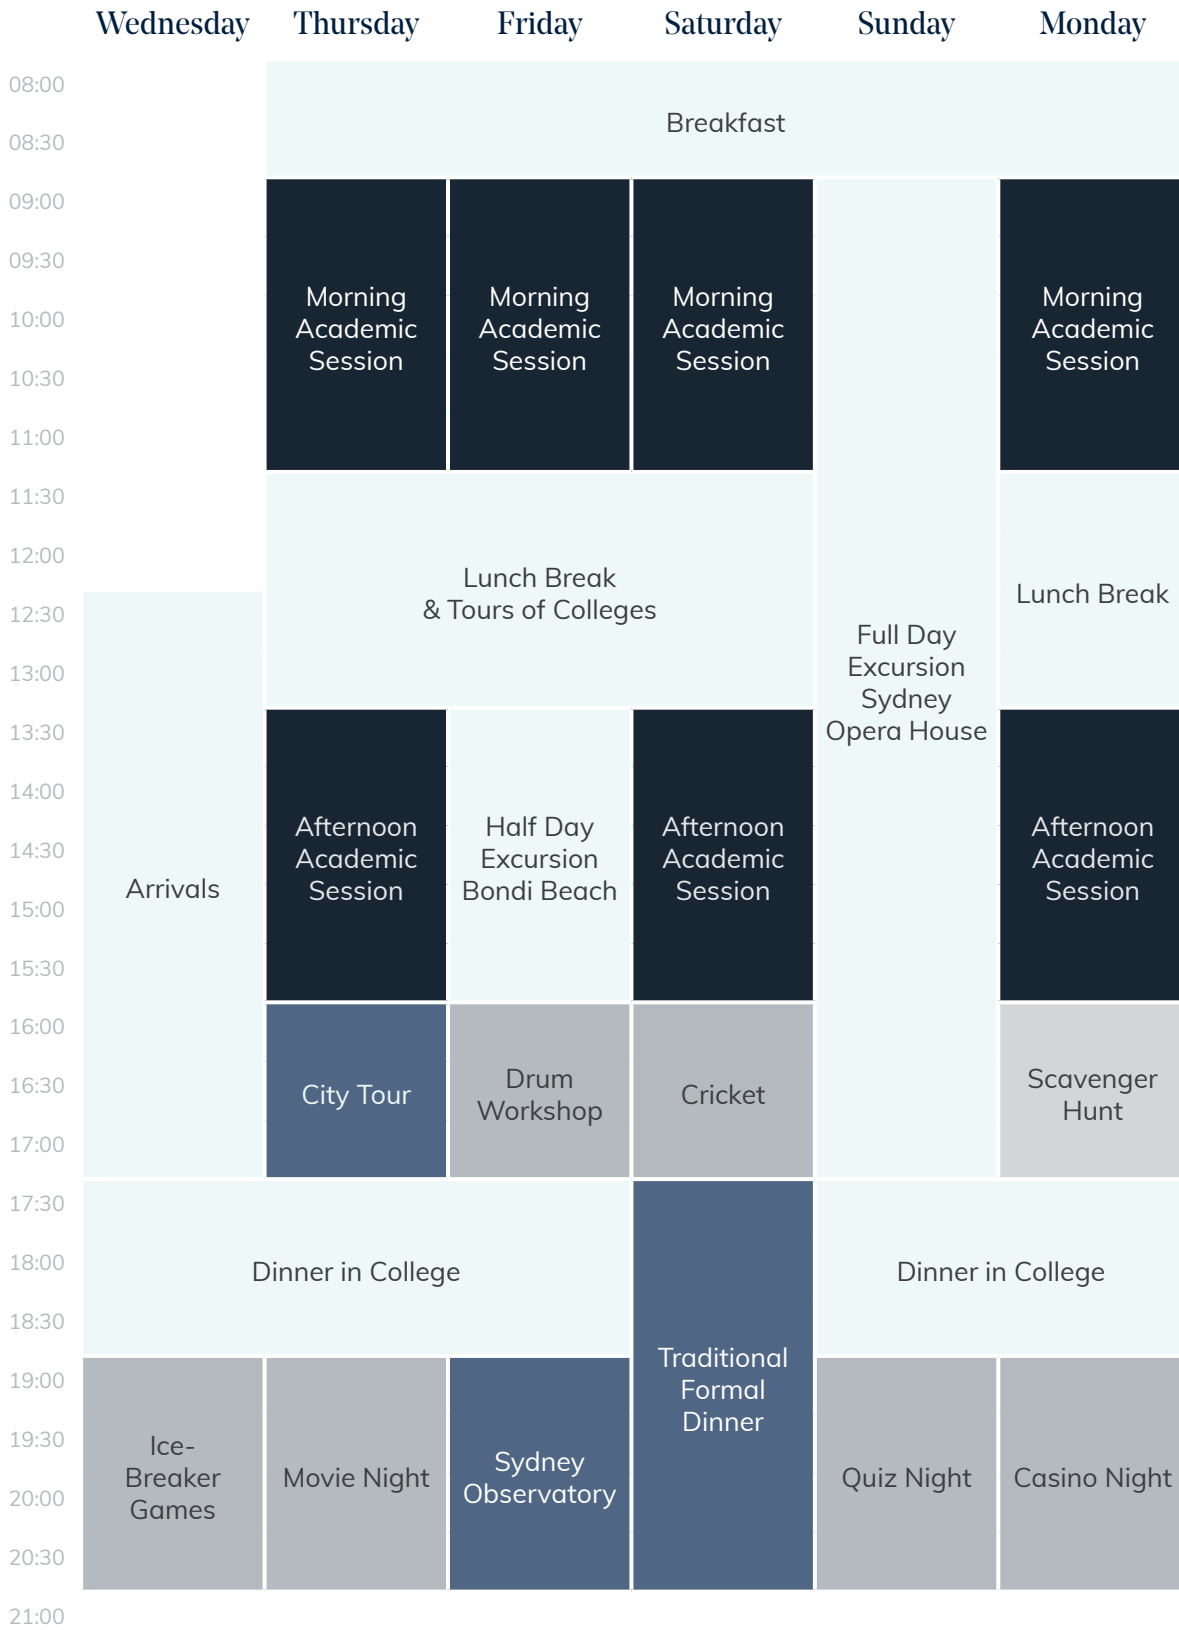

The summer programme supports the development of a creative writing practice across a range of literary forms, with a focus on the importance of fiction and non-fiction in our changing world.

Medicine

Explore the world of epigenetics, and consider the rapid advances being made in modern medical technology in the United Kingdom, Australia and around the world.

Our summer school Medicine participants will gain an introduction to a range of aspects of Medicine, from anatomy to biology and medical technologies and medicines changing the world.

Programme Highlights

CULTURAL HIGHLIGHTS

Sydney is famous for its incredible harbour and impressive landscape. From Sydney Harbour Bridge to the Opera House the city is full of iconic landmarks, surrounded by beautiful beaches including Bondi and Manly.

As part of the summer programme, we make students have the chance to explore all this city destination has to offer.

OXBRIDGE ACADEMICS

This flagship international Academic Insights programme blends the world-renowned institutions of University of Oxford, University of Cambridge and University of Sydney.

Immersive teaching with Oxbridge academics offers a in-depth subject insight, supported by the educational heritage of St. Paul's College.

Participants will have the chance to gain a unique experience of Oxbridge in Australia.

SOCIAL ACTIVITIES

Outside of lessons, we are proud to offer a fantastic social programme to help you get the most out of your time. This includes activities such as a river cruise in Sydney Harbour and a surfing lesson at Bondi Beach, as well as an unforgettable experience of a formal dinner in the magical surroundings of the St. Paul's College dining hall.

There are also a full day excursion during the programme to explore Sydney.

ADMISSIONS GUIDANCE

For students interested in future study at University of Sydney, our programme offers a chance to live and learn like a Sydney undergraduate, staying in college halls and enjoying students' favourite past-times on and off campus.

Participants will also take part in an Admissions Guidance session and a panel discussion with current Sydney undergraduate students, a chance to learn about admissions criteria and what to expect from future study.

UNFORGETTABLE EXPERIENCE

On Academic Insights in Sydney, you'll make friendships that will last long after the summer ends. You'll gain an incredible network of your academic cohort from around the world, academic tutors and pastoral mentors.

This programme offers a blend of Oxbridge and Australian education, alongside an unforgettable cultural and social programme in one of the most exciting cities in the world.

Accommodation

The University of Sydney, founded in 1850, is one of the most prestigious institutions in the world.

Our accommodation at St. Paul's College offers the finest collegiate educational experience for our academic summer programme. In the heart of the city, students experience authentic university living amongst iconic landmarks for an unforgettable social and cultural programme.

Participants stay in comfortable single bedrooms with access to common rooms and event spaces for our unforgettable social and cultural programme.

Males and females have separate accommodation, and there is wi-fi available throughout.

Accreditations and Awards

Since 2012, Immerse Education has provided thousands of students with enriching academic experiences that have changed the trajectory of their lives.

QUEEN'S AWARD

The Queen's Award for Enterprise is the UK's most prestigious business award.

GEMS SCHOOL PARTNERSHIP

GEMS has selected Immerse Education to help their students gain experience of what it's like to study at university level.

YOUTH TRAVEL AWARDS

We're proud to be a finalist for the British Youth Travel Awards.

ROSPA

Immerse Education is a member of the Royal Society of the Prevention of Accidents to ensure our students and staff are safe and well looked after during their time with us.

THE BAC

Immerse Education is accredited by the leading mark of educational quality for the academic short course sector, the British Accreditation Council.
